

MHSA Implementation & Outcomes Unit

Mental Health Services Act	<p>The MHSA Implementation & Outcomes Unit oversees the implementation and ongoing programs funded by the Mental Health Services Act. The unit works with MHSA lead managers to create service uniformity across programs serving all age groups and across the eight Service Areas, including overseeing the development and refinement of guidelines for FSP programs. The unit also prepares quarterly reports to the State Department of Mental Health, among others, on the status of MHSA-funded programs. Finally, the unit manages MHSA outcomes data collection, including providing training on the use of the DMH Outcomes Measures Application (OMA), OMA reports development and analyses, technical assistance to OMA users and DMH MHSA lead managers on OMA use, data and reports, and ongoing communication for OMA users on OMA updates and reports.</p> <p>MHSA Program Outcome Reports Outcome Measures Application (OMA) Annual Update Innovation MHSA Issue Resolution</p>
